SUMMARY

Senior Shopify Full Stack Developer with 7+ years of hands-on experience helping DTC and B2B brands build and improve high-performing Shopify and Shopify Plus stores. I enjoy taking projects from design handoff to production, building custom storefront features, integrating third-party systems, and optimizing performance for both users and search engines. My experience includes Liquid, Shopify Functions, Checkout UI Extensions, React, TypeScript, GraphQL, and REST APIs, along with a strong focus on clean code, collaboration, and long-term maintainability.

SKILLS

- **Shopify & Shopify Plus:** Liquid, Online Store 2.0, Shopify Functions, Checkout UI Extensions, Theme App Extensions, Metafields & Metaobjects, Shopify Flow, Shopify Markets, Shopify B2B, Admin API, Storefront API, GraphQL, Webhooks, Custom Shopify Apps
- **Frontend**: JavaScript (ES6+), TypeScript, React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, jQuery, Responsive & Mobile-First Development
- **Backend & Data:** Node.js, Express.js, PHP, REST APIs, GraphQL APIs, Webhooks, MySQL, JSON, API Integrations
- **Tooling:** Git, GitHub, Bitbucket, Jira, ClickUp, Figma, Postman, Shopify CLI, VS Code, CI/CD, Lighthouse, Chrome DevTools, Klaviyo
- **Analytics & optimization:** Google Analytics 4 (GA4), Google Tag Manager (GTM), Google Search Console, Meta Pixel, Conversions API, Elevar, Hotjar, Core Web Vitals Optimization
- **Practices:** Performance Optimization, SEO Technical Audits, Conversion Rate Optimization (CRO), Accessibility (WCAG), Agile / Scrum, Test-Driven Development, Code Reviews, Scalable Component-Based Architecture

WORK EXPERIENCE

Zerb - (New York, USA) **Sep 2026 - Present**
Programming Team Lead

- Drive end-to-end development of Shopify projects: technical architecture, complex custom features, third-party API integrations, testing, and deployments to production.
- Managed the development team, technical planning, GitHub workflow, and code reviews, and increased turnaround of code-review by 20%.
- Managed third-party app development and REST/GraphQL API. Managed relationships with technical vendors, including communication directly with Shopify and team vendors to resolve advanced API integrations issues.
- Collaborated with business stakeholders, marketing team, and technology partners to gather requirements, prioritize development and execute promotional campaigns, product bundles, custom features, and API integrations.
- Reducing total surface area per product and, in the meantime, focusing on code optimization and the overall release quality. (Faster page loads by 15%, reducing production defects by 25%).

Function Growth - (New York, USA) **May 2025 - Sep 2026**
Senior Shopify Full-Stack Developer

- Building custom Shopify apps using React.js and TypeScript to extend store functionality and improve the merchant experience.
- Implementing Shopify Functions and Checkout Extensions to create dynamic, high-performance backend logic, and customize checkout flows.
- Leading end-to-end development of scalable Shopify solutions, from storefront enhancements to backend integrations.
- Integrated APIs with the web applications using Restful Web Services.
- Contributed ideas for improving development process efficiency.
- Managed both back-end and front-end aspects of development process.

Tenovia Solutions Pvt. Ltd **Dec 2023 - Mar 2025**
Shopify Developer

- Developed and integrated custom API endpoints to optimize data synchronization, streamline workflows, and enhance Shopify store functionality.
- Led Shopify B2B and marketplace projects, managing theme development, app integrations, and providing ongoing client support.
- Utilized advanced Shopify features, Shopify Flow, Git, and Klaviyo to automate processes, improve marketing strategies, and boost customer engagement.

- Managed projects end-to-end, working both independently and as a team lead, ensuring timely delivery, strategic execution, and high-quality development.

ISpark IT Services Pvt. Ltd **Mar 2023 - Dec 2023**
Shopify Developer

- Oversaw a team of developers, guaranteeing on-time project completion while cultivating a culture of continuous learning and mentoring for junior team members.
- Engineered private Shopify applications utilizing the Admin API, enhancing store functionality with tailored features for improved user satisfaction.
- Provided customized Shopify solutions tailored to diverse client needs, ensuring clients achieve their specific business objectives efficiently.
- Designed and implemented bespoke Shopify apps with smooth API integrations, optimizing performance and enhancing operational capacities for clients.

Creatpix Infotech **Sep 2021 - Mar 2023**
Shopify Developer

- Created and maintained bespoke Shopify themes, guaranteeing high responsiveness and an outstanding user experience customized to client specifications.
- Boosted e-commerce solutions by partnering with designers to produce pixel perfect layouts that meet client requirements.
- Refined Liquid code and introduced responsive frontend designs for a seamless shopping interface, converting Figma designs into high-performance, mobile optimized webpages.
- Elevated site performance and security by consistently monitoring, diagnosing issues, and implementing improvements for peak functionality.

Bacha Motors (TATA Motors) **Jan 2020 - Sep 2021**
Technical Lead

- Designed and built an in-house database management system using PHP and MySQL, optimizing internal processes and enhancing data access.
- Oversaw backend support operations, ensuring system reliability and strengthening security measures for optimal performance and data safeguarding.
- Supported the development and refinement of RESTful APIs to facilitate smooth integration with frontend applications and improve user experiences.
- Executed query optimization strategies that greatly enhanced database performance and minimized server load, promoting efficient operations.

Awards

Shopify Badge

- Earned the Shopify Badge for exceptional expertise in Shopify development.
- E-commerce Launch Success, led successful e-commerce launches for high-revenue clients, delivering strong performance metrics.
- Site Performance Enhancement, Improved site performance and SEO across multiple Shopify stores, boosting traffic and conversions.
